

Nurse Executive Organizational Leadership Doctorate of Nursing Practice Program of Studies

The College of Nursing is currently offering a post- Masters Nursing Executive Organizational Leadership (NEOL) Doctorate of Nursing Practice. Details on the concentration’s objectives and curriculum requirements are listed on this page below. Please see the main [Graduate Program](#) page in the course catalog for general information such as program admission and degree requirements.

The Doctorate of Nursing Practice (DNP) doctoral degree is designed for individuals in senior leadership roles who seek to lead complex clinical systems. The Nurse Executive Organizational Leadership (NEOL) concentration provides a curriculum that leads to a DNP for students who enter the program with a BSN and a Master’s Degree in a related field (MBA, MPH, MHA) or an MSN in Nursing Administration. Graduates of the NEOL concentration will be experts in designing, implementing, managing, and evaluating clinical care and health care delivery systems and will be prepared to lead at the highest clinical executive ranks.

The NEOL Post-Masters concentration has the following requirements:

NURS 725	Principles of Advanced Nursing Management	3
NURS 727	Health Care Innovations and Informatics	3
NURS 795	Residency (Integration Residency I)	3
Elective	NURS 620 Advanced Health Care Statistics I, or elective with permission of instructor	3
Elective	(with permission of instructor)	3
